

DERBAL KERROUM

Adresse 1 : BP 180 Hamma Bouzianne
Constantine 25230, Algeria
Adresse2 : National Polytechnic School of Constantine
Department of process engineering
Ali Mendjli, 25000
Constantine- Algeria
Tel: +213 (0) 31 90 83 99
+213 (0) 550 75 71 15
E.mail: Derbal_kerroum@yahoo.fr

EDUCATION

University of Constantine 3

Faculty of Process Engineering
Department of Environmental Engineering
HDR, Environmental Engineering November 2013
Anaerobic digestion of solids waste

Mentouri University, Constantine, Algeria. And **Verona University** Italy

Faculty of Engineering
Department of Industrial Chemistry
Ph.D., Environmental Engineering February 2009
Dissertation: Anaerobic digestion of solids waste mixed with sludge of
wastewater treatment plant.

Mentouri University, Constantine, Algeria.

Faculty of Engineering
Department of Industrial Chemistry
M.Sc., Environmental Engineering July 1999
Thesis: Development software of design for wastewater treatment
plant under AutoCad

Mentouri University, Constantine, Algeria.

Faculty of Engineering
Department of Industrial Chemistry
Engineer., Environmental Engineering October 1996
Project: Design of wastewater treatment plant with tertiary treatment

EMPLOYMENT AND PROFESSIONAL EXPERIENCE

- ▶ **National Polytechnic School of Constantine**, Department of Process Engineering,
Constantine, Algeria
Associate professor (2014 – present)

University of Constantine 3, Department of Environmental Engineering, Constantine,
Algeria.

Associate professor (February 2009 - 2014)

Reader (November 2003 - 2009)

Permanent lecturer (July 2001- October 2003)

Training lecturer (October 2000- June 2001)

Contractual lecturer (Jan 2000 - September 2000)

Assistant (October 1996- September 2000)

TEACHING

National Polytechnic School of Constantine

Department of Process Engineering

- Water chemistry and treatment process, **(2015-present)**
- Wastewater treatment process, **(2015-present)**
- Design of wastewater treatment process **(2016-present)**
- Simulation of wastewater treatment process by GPS-X software **(2016-present)**
- Inorganic chemistry **(2014)**
- Heat transfer **(2014)**
-

University, Constantine 3, Algeria,
Faculty of Engineering

2010 - 2014

Department of Industrial Chemistry

- Advanced water treatment process, **(2010-2015)**
- Design of water treatment process, **(2010-2011)**
- Design of wastewater treatment process, **(2010-2013)**
- Water chemistry (LMD, graduation), **(2008-2010)**
- Anaerobic digestion (LMD, graduation), **(2008-2009)**
- Design with AutoCAD (LMD, graduation), **(2008-2011)**
- Corrosion of metals (graduation), **(2002-2006)**
- Industrial organic chemistry (graduation), **(2002-2006)**
- Analytic chemistry (graduation), **(2003-2004)**
- Water and wastewater treatment (graduation), **(2000-2001)**
- Water chemistry (graduation), **(2000-2001)**
- Water analysis (graduation), **(2000-2001, 2002-2006)**
- Biochemistry (graduation) , **(1999-2000)**

Mentouri University, Constantine, Algeria,
Institute of Climatic Engineering

1999 - 2000

- Water and wastewater treatment (graduation)

Mentouri University, Constantine, Algeria,
Institute of Science and Technology

1996 -1998

- General chemistry (graduation)

AREAS OF INTEREST

Anaerobic environmental biotechnology, biomass Energy, water and wastewater process design, wastewater engineering, pollution Prevention and treatment, Natural Treatment Systems, waste treatment, Modeling and simulation.

POSTE GRADUATE STUDENT SUPERVISION (PhD and Magister).

PhD student supervision

1. **BENALIA Abderrezzaq** « Experimental study and modeling of coagulation flocculation process »
2. **MAHFOUF Esma** « Production of bio-hydrogen by anaerobic digestion process »
3. **BOUAITA Rokaiya** « Production of bio-energy from organic fraction of solid waste by anaerobic digestion process »
4. **SAYOUD Sihem** « Microbiological and physicochemical characterization of biomass and substrate during biogas production by anaerobic digestion process »

Magister student supervision

1. **BENALIA Abderrezzaq** « Étude expérimentale et modélisation du processus de la coagulation floculation : Application aux eaux destinées à la consommation », 06/12/2015, university constantine 3.
2. **ABDELBAKI Ramdane** « Modélisation de la digestion anaérobie par voie sèche », 13/04/2017, University Constantine 3.

GRADUATE STUDENT SUPERVISION

Students of Long Cycle (Engineer and Master 2)

1. Meniai Ahlem, Hangri , National Polytechnic School of Constantine, Algeria, **2017-2018**.
2. Meniai Ahlem, Hangri , National Polytechnic School of Constantine, Algeria, **2017-2018**.
3. Djaghar sara, chaibdraa walid, National Polytechnic School of Constantine, Algeria, **2017-2018**.
4. Djaghar sara, chaibdraa walid, National Polytechnic School of Constantine, Algeria, **2017-2018**.
5. Zekri Hayet, Bouaita Rokaya, "Energy efficiency of orange waste by anaerobic digestion in mesophilic phase: effect of pretreatments by ultrasound and H₂O₂", National Polytechnic School of Constantine, Algeria, **2016-2017**.
6. Zekri Hayet, Bouaita Rokaya, "Study of the anaerobic digestion of orange peel in thermophilic phase: Effects of ultrasound and H₂O₂ pretreatment", National Polytechnic School of Constantine, Algeria, **2016-2017**
7. Sehtali Bilel, Cheddad Ikram, "Use of Acorn as Bio-coagulant in water treatment" National Polytechnic School of Constantine, Algeria, **2016-2017**.

8. Sehtali Bilel, Cheddad Ikram, " Physico-chemical treatments effect of Aloe Vera on water treatment by coagulation flocculation process" National Polytechnic School of Constantine, Algeria, **2016-2017**.
9. Boudechiche Z., "Modeling of bio-hydrogen production", Department of environmental engineering, university of Constantine 3, Algeria, **2012-2013**
10. Djouel H., "Anaerobic digestion of dairy waste: effect of NaCl", Department of environmental engineering, university of Constantine 3, Algeria, **2012-2013**
11. Korichi Nadia, Zerdazi Amira, "Study of biodegradability of Dairy waste", Department of industrial chemistry, Constantine, Algeria, **2011-2012**.
12. Brihi Houria, Boubechou Amina, "Experimental study of biodegradability of dairy waste: effect of NaCl", Department of industrial chemistry, Constantine, Algeria, **2011-2012**.
13. Aoued Oussama, Bouafia Sid Ali, "Modeling of anaerobic digestion process using a simple step", Department of industrial chemistry, Constantine, Algeria, **2011-2012**.
14. Guessoum Hala, "Experimental study of biodegradability of agrowaste in mesophilic and thermophilic temperature", Department of industrial chemistry, Constantine, Algeria, **2010-2011**.
15. Goutal Meriem, "Modeling anaerobic digestion of solids waste: effects of kinetics parameters", Department of industrial chemistry, Constantine, Algeria, **2009-2010**.
16. Hariche Ramzi, "Modeling of simplified model for anaerobic digestion of solids waste", Department of industrial chemistry, Constantine, Algeria, **2008-2009**.
17. Grouche D., Othmani M. N., Sakri F., "Modeling of anaerobic digestion process in CSTR reactor without recycling", Department of industrial chemistry, Constantine, Algeria, **2004-2005**.
18. Rasi N., Boukhalfa S., Daoudi N., "water quality modeling in lac", Department of industrial chemistry, Constantine, Algeria, **2002-2003**.
19. Bounaas S., "Design of wastewater treatment plant", Department of industrial chemistry, Constantine, Algeria, **1999-2000**.

Students of Short Cycle "Diploma of Higher Education Applied" (D.E.U.A)

1. Training practices for (D.E.U.A) student, in the textile company, Constantine, Algeria, 2003-2004.
2. Training practices for (D.E.U.A) student, in the company of production of milk and its derivatives (Auraulait), Constantine, Algeria, 2003-2004.
3. Training practices for (D.E.U.A) student, in the company of assembly of heater for domestic use, Mila, Algeria, 2003-2004.
4. Training practices for (D.E.U.A) student, in the Oil Company, Mila, Algeria, 2003-2004.
5. Training practices for (D.E.U.A) student, in the company of assembly of heater for domestic use, Mila, Algeria, 2002-2003.
6. Training practices for (D.E.U.A) student, in the textile company, Constantine, Algeria, 1999-2000.
7. Training practices for (D.E.U.A) student, in the company of production of milk and its derivatives (Auraulait), Constantine, Algeria, 1999-2000.
8. Training practices for (D.E.U.A) student, in the company of assembly of heater for domestic use, Mila, Algeria, 2003-2004.

9. Chetibi F., Tamene M., "determination of the various parameters influencing coagulation flocculation", in the water analysis laboratory, Constantine, Algeria, 1999-2000.

ADMINISTRATIVE EXPERIENCE

- **Head of department**, Department of Environmental Engineering, faculty of engineering process, University Constantine 3, Algeria, 2012-2014.
- **Associate head of department**, Department of industrial chemistry, faculty of engineering, Mentouri University, Constantine, Algeria, 2000-2001.
- **Associate head of department**, Department of industrial chemistry, faculty of engineering, Mentouri University, Constantine, Algeria, 2002-2004.

SHORT COURSES AND WORKSHOPS

- **Department of science and technologies, faculty of sciences, in cooperation with professor Franco Cecchi " study of anaerobic co-digestion process of solids waste and waste sludge in pilot and industrial case**, wastewater treatment plant of Treviso Italy, University of Verona, November 2006 to April 2008, (Italy).
- **Institute of Mechanical Process Engineering and Mechanics in cooperation with Prof. Dr. G. Kasper " Influence of Fibrous Filter's Sample Diameter Onto Pressure Drop in a Test Ring"**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, November 2001 to July 2002, Karlsruhe, Germany.
- **German Language Course at the International Studies Centre in Heidelberg**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, May 2, to August 31, 2001, Heidelberg, Germany.
- **Training Course on Radioanalytical Methods at the Karlsruhe Research Centre**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, 10-28 September 2001, Karlsruhe, Germany.
- **DECHEMA-Seminars and Laboratory Courses in Frankfurt**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, October 22, to November 02, 2001, Frankfurt, Germany.
- **DECHEMA-Seminars and Laboratory Courses in Frankfurt**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, October 22, to November 02, 2001, Frankfurt, Germany.
- **Visits to Research Institutions and Industrial Companies**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, 2001, Germany.
- **Rhetoric and Presentation Techniques Course**, 37th international seminar for research and teaching in chemical engineering and physical chemistry at the karlsruhe university, March 13, to 15, 2002, Karlsruhe, Germany.

RESEARCH PROJECT

1. Head of research project (CNEPRU), « pre-treatment effect on the anaerobic digestion process», for four years **(2016-2019)**
2. Head of bilateral project (Algeria-Italy), « production of bio-energy from solids waste», for three years **(2016-2018)**
3. Member in research project (CNEPRU), Code (J2501/01/04/05) « Anaerobic digestion of solid waste mixed with sludge obtained from wastewater treatment plant », for three years **(2005-2007)**
4. Member in research project (CNEPRU), Code (J01009220080170) « study of anaerobic reactor for the treatment of agro-waste», for three years **(2010-2012)**.
5. Member in research project (PNR), « treatment and valorization of dairy waste», **(2011-2013)**.
6. Member in research project (CNEPRU), « Experimental study of treatment and energetic valorization of tanning waste», **(2011-2014)**.

CHAPTER IN BOOK

1. **Derbal K.**, Bencheikh Lehocine M., Meniai A-H., “**Production of biogas from sludge and organic fraction of municipal solid waste**”, Book: **Biogas**, ISBN 979-953-307-221-9, InTech. March 2012.

LINGUISTICS KNOWLEDGE

- Arab the native language.
- French, write, read and speak (Good).
- German, write, read and speak (Middle).
- English, write, read and speak (Middle).
- Italian, (notions)

COMPUTERS KNOWLEDGE

- ADM1, Word, Excel, Origin, Autocad.14, AutoLisp (programming language), Works, Windows2000, PowerPoint, Fluent, Gambit, Fortran90, Matlab, GPS-X.
